CITY WELCOMES WINNIPEG FRIENDSHIP TOUR

50 CARS ARE EXPECTED IN TOUR PARTY

WINNIPEG DELEGATION LED BY MAYOR WEBB OF THAT CITY

DINNER, BAND CONCERT, WELCOMING ADDRESSES FOR VISITORS

Brainerd to do its part towards giving the Winnipeg Friendship tour a royal welcome to the city and prove to the visitors the friendship abounding in Brainerd will provide an escort of cars for the tour from Pequot to here tomorrow afternoon. It is requested that all car owners who wish to take part in the escorting of the visitors to Brainerd drive to Pequot tomorrow afternoon, arriving there at 4 o'clock. To make a favorable showing it is necessary that as many cars as possible make the trip. From Pequot the tour with the Brainerd cars in the lead will go to Breezy Point Lodge, returning to Pequot, then traveling to Grand View Lodge and to Brainerd. Local car owners are asked to have city pennants on their cars to distinguish them from the visitors.

The tour will arrive in the city at the evening dinner hour when the visitors will be guests of the Brainerd Chamber of Commerce at luncheon at the Ransford Hotel, New Brainerd Cafe and Garvey's. It is expected that there will be about 200 visitors in the tour, there being about 50 cars.

The welcome program will take place at 7 o'clock at the Y. M. C. A. lawn. The Brainerd Ladies Band will provide a program of music under the direction of Winnifred Cronk Ziebell, director.

Speakers will include R. R. Gould, president of Brainerd Chamber of Commerce, speaking in behalf of the Chamber and also for Mayor Cain of Brainerd; County Attorney Walter F. Wieland; County Highway Engineer Walter M. Murphy; City Attorney D. H. Fullerton; Rev. Robert James Long; Captain William H. Fawcett, and others. All talks will be right to the point.

Responses will be made by Mayor Webb and his corps of speakers. The veranda of the Y. M. C. A. has been especially lighted and will serve as the rostrum. The band will be seated on the lawn, and special lighting has been provided for them.

These exercises are timed to start at 7 P. M. or as soon thereafter as possible. Should it rain, exercises will be held at the Chamber of Commerce rooms.

DEVILS LAKE TO WELCOME TWO ERRANT YOUTHS

Chicago, May 15.—(UP)—Devils Lake, N. D., soon will welcome home two errant youths, and through the hardened offices of Chicago police, are much sadder and infinitely wiser regarding what they now think nothing but a myth, huge profits from the beer running racket of Cicero, Ill.

William H. Weaman and John Gefroh, having read in the city papers of the affluence of successful law evading beer runners in Cicero, decided to pick up a little spare cash in the same way. Arriving in Chicago in a battered touring car, they invested their last cent in many cans of alcohol and started on the home stretch.

They lost the way and in bumping around trying to find it were soon heard by police who investigated. They were turned over to federal authorities and placed in jail pending hearing.

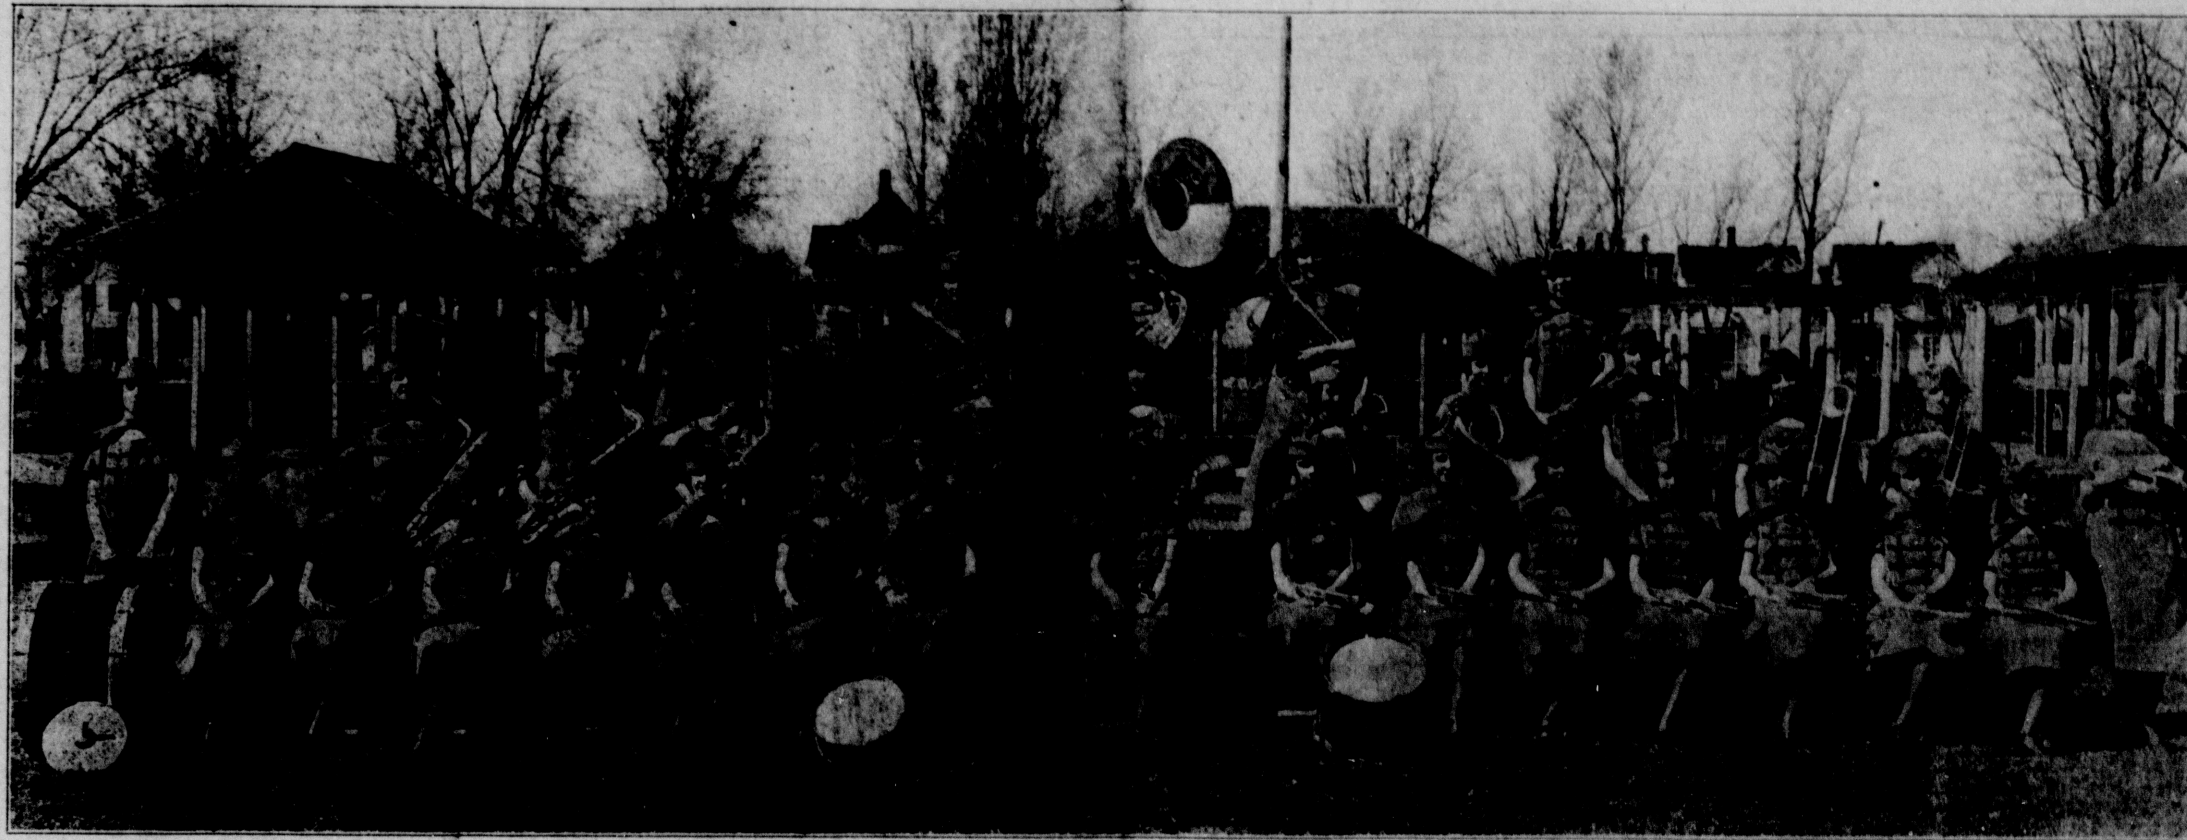

An old friend of both families of the boys back home read of their plight and hurried to their rescue. He persuaded them to waive preliminary hearing and plead guilty. They were fined \$100 each which the family friend paid and after a lecture were given money enough to buy gasoline for the return trip home.

POLICE SEEK TO IDENTIFY BODY

Chicago, May 15.—(UP)—Police were still working today on the identification of the man whose body was found in West Chicago railroad yards yesterday. Reports that he was believed to be Henry Drew of Minneapolis have not been verified, according to authorities. Examination of the body showed a bullet hole in the head and fractures of one arm and leg but police say the latter injuries may have been sustained through the body being thrown from a moving train.

Dirigible Norge Sighted at Nome Early Today

Brainerd Ladies Band of 35 Musicians, With Winnifred Cronk Ziebell, Director, to Aid in Welcoming Friendship Tour

NOME RADIO OPERATORS IN COMMUNICATION

"WE ARE SAFE AND WELL, EXPEDITION IS SUCCESS," SAID VOYAGERS

FIRST WORD FROM CRAFT IN OVER TWO DAYS AND NIGHTS

Nome, Alaska, May 15.—(UP)—The Amundsen-Ellsworth trans-polar dirigible Norge was sighted from Nome at 7 A. M. today, Nome time or noon eastern standard time.

The airship was sailing easily toward this city and with moderate weather was expected to make a safe landing during the morning.

For seven hours previous to the Norge's appearance over the mountains to the north, Nome radio operators had been in communication with her.

"We are safe and well. Our expedition has been a great success," was the message flashed here. It was the first word from the craft in more than two days and nights.

Why the Norge's radio was silent Thursday and Friday was not clearly explained, but static difficulties were believed responsible. The airship reported that she arrived over the Alaskan coast about 7 P. M. on Wednesday, having crossed the north pole some 15 or 16 hours before.

The ship went over Point Barrow and headed south but later turned west and daybreak Thursday found her following the coast line around through Bering Straits and into the Bering sea, spending that day and most of Friday exploring over the polar ice in that region.

Just when the Norge turned inland again the messages did not state, but it is believed she appeared over Teller, north of here late yesterday.

The airship operator said he could hear the frantic calls sent out to the craft during the hours they were without communication but because of static conditions and other difficulties could not make himself heard in return.

Teller, Alaska, is 50 miles overland from Nome and at one time was a gold mining camp of comparative prosperity. It is a reindeer station and the animals abound in the surrounding country.

During the first months of the year dog teams make the trip from Teller to Nome in less than a day's time. Now that the rivers are breaking up and the snow has melted in some sections, it would take much longer.

TELLER, ALASKA, DESCRIBED

St. Paul, May 15.—Teller, Alaska, where Captain Roald Amundsen is believed to have landed his dirigible Norge, is a village of 100 inhabitants according to Carl J. Lomen, of the Lomen Reindeer & Trading Corporation, in St. Paul today.

Reindeers are the excuse for Teller's existence. The town is one of the company's shipping points and is included in the concern's reindeer ranges. It has about 25 buildings.

Lomen said if Amundsen is forced to abandon the Norge there, he probably would go by reindeer team 10 miles to Port Clarence Bay, on the Bering Sea, and embark by sea for Nome, 90 miles to the south.

CAPTAIN NOBLE WIRES NOME

Rome, May 15.—Captain Noble, one of the explorers on the dirigible Norge, today sent a message to his wife from Teller, Alaska, by way of Seattle.

"Arrived Teller. This journey seems a dream. Thousands of kisses to you and daughter Mary," read the message.

ELLSWORTH WIRES PRESIDENT COOLIDGE

Washington, May 15.—The first direct word from the Amundsen dirigible Norge to the United States following its arrival in Alaska was a message from Lincoln Ellsworth, American member of the expedition, to President Coolidge.

The Ellsworth message was sent to Washington by naval radio and relayed by telegraph to Williamsburg, Va., where the president spoke

POLAND'S PREMIER AND PRESIDENT HAVE RESIGNED

RESIGNATION ACCEPTED BY POLISH HOUSE OF REPRESENTATIVES

MARSHAL PILSUDSKI AND REVOLUTIONARY ARMY IN CONTROL

Warsaw, May 15.—(UP)—Poland's premier and president have resigned and their resignations accepted by M. Rataj, president of the Sejm, which is the Polish house of representatives.

With Marshal Josef Pilsudski and his revolutionary army in control of Warsaw, President Stanislaw Wojciechowski and Premier Witos submitted their resignations.

Rataj accepted the resignations and thereby became acting president of the republic.

He will immediately commission a prospective premier with the task of forming a new cabinet.

Latest available reports from the war zone outside the city state Pilsudski's troops are facing grave opposition.

Their position was becoming more precarious every hour, it was said, as fighting increased with the arrival of reinforcements for the loyalist army. Pilsudski holds Warsaw with headquarters in the Belvedere Palace, following the flight of the president and cabinet, who escaped by airplane.

But fighting continues outside the capital, with the minister of war of the resigning Witos cabinet in personal charge of operations against the revolutionists. His leading generals are General Sikorski and General Stanislaw Haller. Sikorski is attempting to defeat Pilsudski troops in the suburbs, while Haller is concentrating against the rear guard of the Pilsudski forces.

Negotiations between Wojciechowski's emissaries and Pilsudski were broken off after Pilsudski's insistence on fulfillment of his conditions. They were, among other things: the resignation of the Witos government and the return of all regiments to their garrisons.

In view of Pilsudski's victory, the projected general strike throughout Poland has been called off. Telephone communication in all parts of Poland is again virtually normal.

There had been a renewal of fighting as the Belvedere Palace was stormed yesterday. Struggles took place in the streets as the Witos supporters were driven into the southern section of the capital.

By evening the situation quieted and Pilsudski issued a statement declaring that his military operations throughout the country were nearly completed and that army corps at Lembourg, Cracow and Przemyśl had telegraphed pledges of their support.

Late reports stated that Pilsudski's supporter, Gen. Romer, who dominates Lublin, was dispatching a contingent from that city to attack the rear guard of the Sikorski troops. Another Pilsudski supporter, General Sawyerkie, occupied the important city of Lodz, it was stated here.

TO CLASSIFY TRAITS OF THE NEW STUDENTS

Minneapolis, May 15.—(UP)—The University of Minnesota's plan for classifying the individual traits of newly admitted students in order that their capacity for education may be fully developed was described at a banquet of psychologists and administrators who are in session here today.

Dean J. B. Johnston of the liberal arts college, and Charles W. Boardman, principal of university high school, told how the plan is based on "the individual differences existing between all human character."

Dean Johnston said a method of predicting what students will fail in their studies has been devised by the university. The aim of educational leaders, he said, must save the loss of time for those students who are unfit for college.

Rev. J. W. Holland to Speak

ace had been captured, evoked scenes of riotous jubilation which lasted until early this morning.

Thousands of persons streamed along main streets of the city, tossing their hats in the air and singing Polish battle songs.

Amid a storm of cheers Pilsudski appeared at a window of the headquarters of the Warsaw garrison and addressed the crowds.

800 DEAD AND ABOUT 2,000 WOUNDED

Berlin, May 15.—(UP)—Advices received here and believed to be authentic, state that casualties in yesterday's battle at the Belvedere Palace in Warsaw totaled 800 dead and almost 2,000 wounded.

Belvedere Palace was evacuated by President Wojciechowski and his cabinet and occupied by the victorious rebel forces of Marshal Pilsudski.

CITIZEN GUARD BEING RECRUITED

Posen, May 15.—General Stanislaw Haller, supporter of the Witos group in Poland's civil war, is recruiting a citizen guard to resist Marshal Pilsudski, now in control of Warsaw.

It is indicated that Posen will be made the concentration point for anti-Pilsudski forces.

SITUATION IS GROWING MORE GRAVE

Washington, May 15.—Direct state department dispatches from Warsaw today stated that the Polish situation is growing more grave because of the general strike and the arming of socialist civilians by Marshal Pilsudski who completely controls Warsaw. The fighting continues.

American Minister Stetson who has been absent from his post on leave since Tuesday, left Paris by air plane for Warsaw this morning. Ambassador Herrick at Paris reported.

DRINKING AMONG COLLEGE STUDENTS SAID DEPLORABLE

DRINKING PROBLEM LAID TO THREE TYPES OF STUDENTS

THE NATIONAL CONFERENCE OF DEANS IN SESSION AT MINNEAPOLIS

Minneapolis, May 15.—(UP)—Drinking among college students has reached such serious proportions that even girls' sororities have been enlisted in the fight again it, the National Conference of Deans, in session today at the University of Minnesota was told.

Dean J. E. Armstrong of Northwestern University at Evanston, Ill., cited instances of boycotting of drinking students by sororities having been effective.

But both Armstrong and Dean Thomas Arkle Clark at the University of Illinois agree that the college man won't change until public opinion regarding prohibition is changed.

Dean Armstrong laid the drinking problem to three types of students. "There is the athlete, crammed full of energy, who takes to drink as an emotional outlet, after the strain of scholastic competition; there is the effeminate man who looks on drinking as a 'badge of manhood,' and the man who learned his ways at home, seldom drinks to excess, but is often the center of a group of other students who do drink to excess," he said.

LAKE LILLIAN OIL REPORT

3 WELLS SUNK IN RADIUS OF 40 FEET YIELD DIFFERENT LIQUIDS

Lake Lillian, Minn., May 15.—(UP)—Within a radius of forty feet three wells sunk here are yielding different liquids.

One of the wells is in the basement of a restaurant. It is the famed post hole oil well giving unrefined gasoline which motorists say they are using successfully in automobiles. The proprietor is making money by charging 25 cents a pint for gasoline and ten cents a look for those who want to see the well.

Just outside the restaurant, a well is giving salt water while 20 feet farther away, another well contains pure drinking water.

The mystery of the gasoline well remained unsolved. There are a number of large gasoline storage tanks here, but none of these is responsible for the post hole's flow of fuel. All have been inspected and found without leaks.

The discovery of the post hole well has aroused ambitions of investors and drilling for oil may begin around June. One person has a lease on 15,000 acres of land.

SEARCH FOR DAUGHTER LED HIM TO DEATH

Minneapolis, May 15.—(UP)—A search of years for his eldest daughter was believed today to have been indirectly responsible for the murder of Henry Drew, 71, a retired brewmaster, who was killed in the bad lands of West Chicago Friday.

Drew left Minneapolis three weeks ago after closing his bank account and disposing of bonds and securities. He announced he was going to search for his daughter, Helen Drew, 50, whose disappearance several years ago pained him deeply and for whom he retained a deep affection. This search led him to Chicago and indirectly to death.

Drew's body was found along a railroad track. He had been severely beaten and \$5,000, known to have been on his person, was gone. Two bullet wounds in his head showed how he had met death.

MADISON SEEKS AIR MAIL SERVICE

Madison, Wis., May 15.—(UP)—A movement to secure air mail service for Madison was started today by the Aero club following a special meeting of directors. The club is aroused by the change in route of the Chicago to Minneapolis line which will be operated by C. F. Dickinson via Milwaukee instead of Madison, as originally planned.

H. R. Burr, president of the club, will go to Washington next week to enlist support of Washington legislators in Madison's fight for air mail service.

ESTATE OF BIRKELAND WINS \$8,000 VERDICT

Minneapolis, May 15.—(UP)—The estate of the late Rev. K. B. Birkeland today was awarded an \$8,000 verdict on notes against O. O. Bruce, Minneapolis attorney, and others.

Birkeland disappeared November 24, the same day a jury to try the case was selected. He was found dead December 1, apparently murdered. The mystery of his death remains unsolved despite an exhaustive investigation by authorities.

OPERATORS OF HUGE DISTILLERY ARE SENTENCED

St. Paul, May 15.—(UP)—The operators of a huge distillery in Washington county, James J. Tevian and Christ Peterson, were sentenced today to a year and a day in the Leavenworth penitentiary after they pleaded guilty before Federal Judge John J. Sanborn.

Edward Peterson, arraigned with them, pleaded not guilty and his attorney will file a motion to quash the indictment.

Judge Sanborn allowed Tevian and Peterson until May 24 to arrange their business affairs before they go to jail.

NEW EFFORTS TO SEND SCOTT TO THE GALLOWES

CHARGED WITH MURDERING JOSEPH MAURER, DRUG CLERK

ESCAPED GALLOWES PREVIOUSLY WITH AID OF BRILLIANT ATTORNEY

Springfield, Ill., May 15.—(UP)—New efforts to send Russell Scott, former Canadian business genius, to the gallows for murdering Joseph Maurer, in a drug store, have been started by the state department of public welfare.

With the aid of the brilliant young attorney, William Scott Stewart, Scott escaped the gallows just a few hours before he was to have been hanged, when a Chicago judge granted a petition for a sanity hearing. The jury in the sanity case found Scott insane and he was sent to the state asylum for the criminal insane at Chester, Ill., there "to die insane or await recovery and die on the gallows."

Now, in the opinion of Chauncey H. Jenkins, director of the department of public welfare, Scott is sane and should be removed from the asylum and hanged, as the law of Illinois provides. A staff of all-ists is to examine him and test his sanity.

Scott, who had been so successful in business that he wrote pamphlets for the instruction of young men and boys, met financial reverses, came to Chicago and, according to the evidence upon which he was convicted, joined his brother Robert in the holdup of a loop drug store. It was in this holdup that the young clerk, Maurer, was shot to death.

Prior to the sanity hearing by which Scott escaped the gallows, he was granted stays of execution in the belief that his missing brother Robert was about to surrender and confess to the murder. Robert was found in a California prison after Russell was found insane and returned to Chicago where he was found guilty of holdup and given a long sentence in prison. He is now awaiting trial for the murder of Maurer.

NEW TRIAL GRANTED TO ELLIS WASH

St. Paul, May 15.—(UP)—A new trial was granted Ellis Walsh, former mayor of Virginia, Minn., today by the United States circuit court of appeals. Walsh was denied a writ of error, after his conviction at Duluth and he appealed to the higher court Friday.

INVESTIGATE SUDDEN DEATH OF GIRL

Morningside, Minn., May 15.—(UP)—An investigation was started today into the sudden death of Grace Taylor, 15, of Morningside, which occurred Friday evening just as she returned from a trip to Minneapolis.

Shoe Troubles**

By fitted right we mean a shoe that fits properly from the ball to the heel.

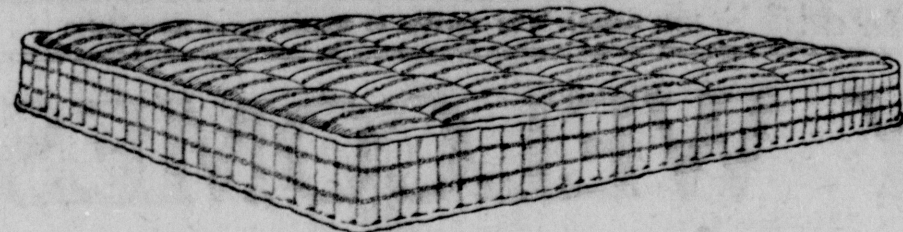

So many folks consider only the toe of the shoe, not realizing that the basic fit is the arch fit, and that while a little excess length at the toes will cause no discomfort, too much span from the ball to heel will weaken and cripple the arch.

"Arch Fitters" fit beautifully. They snug up to the arch nicely. And, being the right length from ball to heel, there is no stretching or straining on a shoe arch that is longer or shorter than the foot arch.

Neat, trim, attractive, a good arch fitter and a comfortable foot fitter.

BURG CO. ANNIVERSARY

May 15, Marks 3rd Year Since
Founding of the
Corporation

May 15th marks the third anniversary of the founding of the Burg Company, and in accordance with the established custom they are celebrating the event with an Anniversary Sale, for one week, May 15th to the 22nd inclusive.

This company is operating a system of Junior Department Stores with merchandise ranging from 5c to \$1.00. According to statistics, goods within this price range provide the majority of needs of the ordinary family. The policy of The Burg Company provides that no store shall be opened unless there is a positive demand and a need for the merchandise and service which the company offers. Each city is carefully investigated to make certain that there is an opportunity to actually benefit the community. Stores are therefore located only in progressive cities.

The advantage of a store such as is operated by this company are numerous. Likewise, there are many reasons why The Burg Company can place such attractively low prices on its quality merchandise. Some of them are: low cost due to large buying power; low retail prices because all sales being for cash plus quick of the low cost and small overhead; turn-over minimizes losses from credit or inventory depreciation. The opening of additional stores, of course, assists in increasing the advantages above enumerated, as new stores result in still larger sales, greater buying power, lower cost, and lower overhead expenses per store, with the resulting saving for the consumer.

By obtaining merchandise direct from factories in wholesale quantities, which is possible only through buying for a large number of stores, the buying department of The Burg Company is enabled to distribute

Who doesn't remember "In the Shade of the Old Apple Tree"? But how many can recall the name of the composer?

Egbert Van Alstyne composed the song and millions later made it popular. Mr. Van Alstyne assisted by his harmony boys, Clem Dacy and Hal Boland, will offer a musical act

at the New Park theatre Sunday, matinee and night.

Egbert Van Alstyne was also the composer of "Memories," "Your Eyes Have Told Me So," "That Old Girl of Mine," "I'm Afraid to Go Home in the Dark," "What's the Matter with Father," "Old Pal" and "Until Tomorrow."

THOMAS MEIGHAN AND LILA LEE IN A SCENE FROM "THE NEW KLONDIKE" A PARAMOUNT PICTURE

"Tramp, Tramp, Tramp." Puts
Langdon in Biggest Class

Harry Langdon, First National comedy king, just tramps in "Tramp, Tramp, Tramp," his new feature comedy. The picture is showing at the Lyceum Sunday and Monday. It is the first of the feature comedies that the comedian will make under

the terms of his recent contract with First National.

Harry is forced to take to the highways and byways when his father informs him that the mortgage will have to be lifted from the house. He enters a transcontinental foot race and wins not only a large prize, but the hand of a beautiful girl.

merchandise to customers at the lowest possible cost. The price policy provides for volume sales with low profit on each item. Besides purchasing direct from factories in wholesale quantities, there are many direct importations of goods from foreign countries. All of this is another form of service rendered to patrons, inasmuch as they may obtain new items as they appear on the market as quickly as people living nearer the great eastern markets.

"New Klondike" Interesting Tale of Florida With Star at His Best
Florida—with its bathing girls and auction sales has made its screen debut and been brought to you via the silver screen. It's all in Tom Meighan's latest Paramount picture, "The New Klondike," which opened at the New Park theatre last night, and has its last showings tonight.

"The Silent Pal" Stars Thunder, The Marvel Dog

Thunder, the Marvel Dog, will once more be seen in Brainerd when his latest and most thrilling feature film, "The Silent Pal," is shown at the Lyceum theatre tonight only.

In this exciting screen play Thunder is seen saving a man from death by drowning, rescuing a girl rider by stopping a runaway horse, preventing a child from falling from a high mountain canyon, digging his way to his master who is buried beneath a mine cave-in, doing phenomenal leaps and other things that space will not permit mention of.

J. T. Andersons Observe
Fifty-Ninth Anniversary

Mr. and Mrs. J. T. Anderson, 431 Forty-first street, Moline, Ill., celebrated their fifty-ninth wedding anniversary on Saturday and the day was fittingly commemorated, open house being held during the afternoon and evening hours. All the children and grandchildren were present, this number including three sons and two daughters, Oscar E. Hampton, Robert S. Silvius and Spencer of Moline, Mrs. J. D. Maxwell of Hampton and Mrs. Arthur Gustafson of Moline.

Hours were informally spent.

CLUB WOMEN HEAR HENKE

Assistant Commissioner of Fish and Game Department Spoke at Ironton

About a hundred Brainerd people were present last night to hear Chas. Henke, assistant commissioner of the state game and fish department give an interesting talk on the conservation of the state's natural resources. He gave the principal address of the evening at the meeting of the sixth district federation of women's clubs at Ironton.

A novel feature of the program was a contest between the various choral societies of the towns that were represented, Swanville's group of six young ladies capturing first honors, Brainerd, second; Bemidji, third; and Crosby fourth.

The gathering will close today with a luncheon at which Mrs. Willard Bayless, of Chisholm, president of the Minnesota Federation of Women's clubs will be the principal speaker.

Among those making the trip last night were the Mesdames W. H. Cleary, Wm. Turcotte, C. W. Hoffman, Frank Hall, W. F. Wieland, C. E. McMullen, Rose G. Parker, F. W. Wieland and the Misses Mary Tornstrom and Juel O'Brien.

Charles W. Hoffman also motored to the convention with a number of delegates.

Bedroom Moldings

When the bedroom ceiling is too high, making it a cold and uninviting room, it is a good plan to carry the ceiling color down the walls all around as far as the tops of the window casings, forming a "canopy" which can be separated from the wall with a molding or a simple line of color.

SATURDAY, MAY 15, 1926

OUR BRAINERD LADIES BAND

OUR Brainerd Ladies band is receiving mention in many newspapers and through many agencies. Wherever the girls have played they have won plaudits and flattering notices.

On Sunday, May 16, they will aid in the welcome extended the Winnipeg tourist party arriving in the city that afternoon. A photograph of the band has been sent the Winnipeg Tribune and will be run in that paper.

Last Sunday the band had its picture in the rotogravure section of the Minneapolis Journal and thousands of readers saw it.

May 13 the band played at Verndale opera house and the Verndale Sun gave the band a lot of mention. It said in part: "This is not a traveling jazz band but a worthwhile musical organization composed of 35 ladies of Brainerd who give first class music and entertain in a real concert. On April 26 the enlarged band gave their initial concert at the Park theatre in Brainerd and according to the Brainerd Dispatch they surprised that city with the wonder of it all. Brainerd never realized what they had in their town until they heard them play and then the city went wild over them. Verndale is fortunate in having such an entertainment come here and what will make it doubly interesting is the fact that Miss Bernice Murphy, a former Verndale young lady, is one of the star performers."

The band may now be adopted by the American Legion as their official district band. Action on this matter will be taken up by the Legion at their district convention to be held in Aitkin, Wednesday, June 23, when the Brainerd Ladies band will be in attendance.

If the band is accepted by the Legion as their official band, the members will be taken to the national encampment in Philadelphia with the Minnesota delegation.

In order to finance the musical feature of the Legion convention, the Legion has arranged to have the band put on a concert at Aitkin on Sunday, May 23.

"THE LABRADOR OF MINNESOTA"

"The Labrador of Minnesota" is the odd title used by Rev. C. D. Moore of Grand Rapids in describing experiences in his parish embracing Cook county in the extreme northeastern section of Minnesota. He gave his paper before the Congregational conference held at Brainerd. He spent two winters in an unheated hotel where the temperature frequently ranges down to 25 below. Later he removed to a summer cabin that wasn't well thatched for winter.

"Unable to keep warm at times," said the minister as he addressed the conference, "I had to take refuge in the courthouse or in the schoolroom. When my typewriter broke, it was nothing short of a calamity with a repair shop 111 miles away in Duluth. This was not conducive to sermon making as ordinarily done with familiar volumes and treasured memoranda within easy reach."

"In spite of the handicaps your missionary believes that something worthy has been accomplished. During the last year I have received 20 adult young persons into the membership of the church. I have carried the gospel word to every point along the north shore where the people could be gathered to listen. Services are held at such places as Schroeder, Tofte, Lutsen, Grand Marais, Maple Hill, Croftville, Chicago Bay, Hoveland and Mineral Center."

PROPORTION OF BOYS WHO ARE SCOUTS

In 1910, according to the United States census, there were 5,000,000 boys between the ages of 12 and 17 who might have been scouts. During the year 1912 another 1,000,000 boys became eligible. Since that time each year 1,000,000 additional boys have qualified by age to become scouts, thus showing that a total of 21,000,000 boys since the organization of the Boy Scout movement might have been scouts.

As a matter of fact records show an excess of 3,000,000 different boys have actually been scouts, showing that one out of every seven boys in the last sixteen years, who could be, have been members of the Boy Scouts of America. A cross section of the surveys of the universities, including Harvard, Yale, Princeton, Washington and Jefferson, University of Michigan, as well as West Point and Annapolis and many others, show that two out of every five of the boys now in universities, colleges and other institutions of higher learning are now or have been scouts. Of the 1926 class of Rhodes Scholars, 65 per cent were formerly scouts.

LOCKE is having the same trouble that Paddock had, Locke in the west and Paddock in the east. The officials of some athletic association who didn't see the performances claim Locke, like Paddock, was aided by a breeze at his back. It's hard to get a day out here when some kind of a breeze isn't blowing. The way the hundred yard mark has stood for years, would lead us to believe it would require a hurricane to push the average runner ahead of the record.

CROW WING county has a candidate for the position on the State Tax Commission made vacant by the death of Odin Halden, in the person of Attorney D. B. McAlpine, of Ironton. Mr. McAlpine is said to be exceptionally well fitted for the position and a determined effort will be made by his friends to put him over. That section of the state might well be recognized by the Governor.—St. Cloud Daily Journal-Press.

JAY walking will be reduced to a minimum by the city painters who are streaking two yellow bands at each cross walk. One man viewed it and said, "Well, it helps the automobile drivers." It will do much to obviate accidents and the hope is expressed that the paint will last some time and not be erased by constant traffic.

SOME eleven hundred citizens of Brainerd signed a petition demanding the recall of Mayor Cain. The report is that he has been active in law enforcement—possibly too active—and not with proper consideration for some folks.—St. Cloud Journal-Press.

HOME, DAD AND THE BOY

By FRANK H. CHELEY

(© F. H. Cheley, Denver, Colo.)

Success vs. Failure

SOME men are successful fathers—

Because They Believe that every boy has a right to expect his Dad to be a thoroughbred.

Because They Believe that being a father is the greatest privilege given to any man and take their fatherhood seriously.

Because They Believe that all boys are mostly good, and realize that they often get bad handling. Because They Believe that constant repression means ultimate explosion, so give their boys a chance to have a say.

Because They Are Convinced that it is worth while to study boy behavior, as well as the stock market, the baseball score, or the trend of politics. Understanding a lad makes the Dad Business a joy.

Because, in Addition to Providing their sons well with the creature comforts, they give them also generously of themselves—often at great personal inconvenience and cost.

Because They Strive Always to make the right thing pleasant and the wrong thing costly, and thereby teach their boys that character is not only desirable, but that it also pays.

Editor Dispatch

Dear Sir:

As a tribute to an old friend and a suggestion to lovers of real entertainment, may I suggest to your readers that those of them who attended the Park theatre Sunday will be well repaid for their time. I have known Mr. Van Alstyne for the past twenty-five years and his singing partner Clem Dacy for ten, and it was a fortunate turn of fate that brought those two exceptional artists together. I have seen and heard them quite frequently of late and only recently in their new offering and the only fault I find is that twenty minutes pass too quickly while listening to their novel entertainment.

Very cordially yours,
M. J. KINGSTON.

ST. MATHIAS

The meeting of Parent Teachers association Wednesday evening was a success. Everyone greatly enjoyed the program.

County Attorney Walter F. Wieland and Editor Geo. Erickson were the speakers for the evening. The orchestra of the Methodist church of Brainerd played a number of selections. This is the last meeting of P. T. A. this year. We extend our thanks to all contributors toward our P. T. A.

Little Jack Humphrey of Brainerd spent last week at the home of his uncle and aunt, Mr. and Mrs. Gravel.

Mr. and Mrs. D. Gaboury were Brainerd callers Thursday.

P. Flansburg was busy hauling lumber to town last week.

Miss Mecklenburg visited with Mrs. Fred Hellen Friday and Saturday.

Mary Tautges who has been assisting with housework at Martin Tautges returned home Saturday.

Mr. and Mrs. Gravel and Esther Bossus were Sunday visitors at the Steve Tougas's home in Daggett Brook.

Mrs. Irma Camp Hartley visited our school Tuesday morning.

Dewey Fenstermaker of Arthide autowed down from Arthide Saturday to spend a few days at Gravel's.

Miss Edna Kruger assisted with work at Frank Koering's last week during Mr. Koering's illness.

Emil Bossus and Adam Tautges autowed to Topeka Sunday to get supplies for an engine.

County Agent Roth came out from Brainerd Monday evening to organize a Boy's and Girl's club in District No. 13. The organization was as follows:

Name of club—St. Mathias.
Local leader—Herbert Cook.
President—Mary Tautges.
Vice President—Abraham Gilson.
Secretary—Reuben Gilson.
Six members enrolled in Dairy Club club; one in Poultry project; seven in Canning project; three in Potato project; four in Gardening project. This makes a total of 21 members.

Mrs. Adam Tautges who has been receiving medical treatment at a hospital in Brainerd returned home Wednesday.

DIRIGIBLE NORGE SIGHTED

AT NOME EARLY TODAY

(Continued from Page 1)
today. Its contents were not made public here.

ELLSWORTH WIRES

HIS BROTHER

Florence, Italy, May 15.—A message from Lincoln Ellsworth, American polar explorer, was received here today from Teller, Alaska, by his brother.

"The trans-polar flight was successful. Greetings," said the message.

Nome, May 15.—The Amundsen dirigible Norge has come to rest, but not in Nome where plans had been made for receiving it. Latest word reaching here during the forenoon was that the craft after being buffeted by high wind and coursing on a wide circle, which brought it in view at one time, descended at Teller, 70 miles north of here. It is assumed here that the airship may not be down to Nome for several days, if at all, and the expedition's adventure is regarded as finished.

The airship will be dismantled and shipped to Seattle or San Francisco by the first available steamer, it was believed.

The voyage from King's Bay to the landing place at Teller was accomplished in exactly three days' elapsed time.

How the Norge made a landing was not revealed in the meager advice received here.

In all the information obtained here there has been no indication that any new land was sighted during the voyage.

Women's Clubs at Ironton

Ironton, Minn.—The sixth district federation of Women's clubs continued its annual sessions here today with delegates from 49 clubs in attendance. A tour of iron mines was a feature of the opening program.

Typographical Union
Releases Motion Picture,
'His Brother's Keeper'

Indianapolis, May 14.—Trade unions are among the latest institutions to recognize the educational value of motion pictures. The International Typographical union has just announced the release of a three-reel picture, illustrating the socially beneficial activities of that organization, including the Union Printers Home, old age pension, mortuary benefit, health campaign and apprentice training department.

"His Brother's Keeper" is the title of the Typographical Union picture and a contrast is drawn between the lot of the down and out worker of a few decades ago and that of a union printer of today who may be incapacitated for work by ill health or old age. Inspiration for the title came from the famous Dillman painting, "Am I My Brother's Keeper," which shows a group of derelicts shivering on a bench on the Thames embankment in London, while in the background the lights of a great hotel suggest the luxury in which more fortunate men and women are living.

The picture opens with views of "Typographical Terrace," the beautiful headquarters of the union in Indianapolis, formerly the estate of the millionaire Van Camp family, which comprises five acres of landscaped grounds and a large building of gray stone. Most of the sets were made at the Union Printers Home in Colorado Springs, Colo., an institution representing an investment of more than \$3,000,000.

The purpose of the picture, according to James M. Lynch, president of the union, is to acquaint the public with the less militant phases of trade union character.

"Too many persons have the idea that trade unions spend all their energy seeking a propitious moment to make a wage demand," said Mr. Lynch. "As a matter of fact, the International Typographical Union for example, invests far more energy and money in protective efforts than it does in trade regulation. In this picture we attempt to show what this union is doing to improve sanitary conditions in work shops, to safeguard members in ill health and old age, to relieve distress of families in case of death and to educate apprentices. These activities benefit society in general and we feel that the public should know about them."

"In a few preliminary showings our film has met with very favorable reception and has been acclaimed by competent critics as an interesting educational feature."

DR. ROY SMITH'S SATURDAY NIGHT TALKS

By the REV. ROY L. SMITH, D. D.
Pastor Simpson M. E. Church, Minneapolis

UNDIGESTED OPPORTUNITIES

Professor George A. Coe recently declared that the American youth is suffering, principally, from "undigested opportunities." Perhaps it is not too much to say that the whole world suffers from the same affliction.

The storm of criticism that has gathered about the head of the modern woman proceeds from the fact that she has not digested her opportunities. Suddenly plunged into politics by the nineteenth amendment she has naturally proceeded to act, in politics, precisely as men have always acted. But no perceptible gain will ever accrue to American politics until women begin acting like women—until they bring to politics the fine moral judgments and cultural ideals that are essentially womanly.

The American woman in business adds little to business and nothing to herself by becoming another man in business. She will make a place for herself in commerce when she demonstrates the economic value of womanliness. She does not need to be masculine to be masterful. Vulgarity, coarseness and boisterousness are but symptoms of undigested opportunity.

Science has put marvelous new forces within our reach. Synthetic chemistry is creating a new world and stocking it with products never before heard of. The modern engineer is literally moving mountains. But the same discoveries that lead to new foods lead, also, to poison gas while the radio broadcasts both bunk and beauty. It takes time to digest our opportunities and develop moral character that will abstain from the use of poison gas and rejoice more in beauty than in bunk.

Poverty is a result of undigested economic opportunities. The Almighty has put enough gold into the mountains, enough oil under the plains and enough fertility into the soil to amply feed and clothe and warm all the people in the world. But society has not learned how to make an equitable and satisfactory distribution. We have the wealth. We have not digested it. The new-rich make themselves ridiculous, not because they have money but because they have not become accustomed to it. The conceited graduate is a nuisance, not because he is a graduate but because he has not yet learned to use his education. The flapper is no less moral than her mother; she is merely suffering from social indigestion.

Opportunities always bring dangers with them and with each new quota of freedom and liberty there must go a corresponding measure of self-government. Until this government of self is acquired we may expect a period of discomfort due to undigested opportunities.

punctuality, offering and new members. Let us all attend, be on time, not forget our offering, and bring some new member with us. The adult department is lagging; they have an excellent class and teacher, so that all grownups should make a special effort to come out. The pastor will begin a series of sermons at the morning service on the general subject of "Sounding the Depths of an Unfathomable Life," and the sermon for this coming Sunday will be on "The Pre-existence of Christ." The subject of the evening sermon will be, "Beholding the Beauty of the Beloved." At the prayer meeting on Thursday nights the Book of Daniel is to be taken up for intensive study. A teachers' and officers' meeting will be held on Tuesday evening. You are welcome to any and all of our services. We preach the Old Time Religion.

TRUNK HIGHWAYS GENERALLY GOOD

Minnesota trunk highways are reported as generally good, in the weekly bulletin issued today. Several stretches which were reported as "passable" last week are reported as fair or better, and several others have been shifted from the "fair" to the "good" classification. Rains in many sections of the state have relieved the dust nuisance but have not been enough to damage the highways.

Detailed reports covering conditions of the so-called "Babcock roads" marked with the official yellow star, follows, insofar as it refers to the Brainerd Lake Region:

T. H. No. 2—Duluth, Brainerd, Wadena, Detroit and Moorhead—264 miles—Duluth, paved—Carlton, good—McGregor, good—fair, Aitkin—good—Brainerd, good—Wadena, good—Moorhead.

T. H. No. 19—Brainerd, Walker and Cass Lake—97 miles—Brainerd, good—Walker, good—Cass Lake.

T. H. No. 27—St. Cloud, Little Falls and Brainerd—66 miles—St. Cloud, paved—Belle Prairie—detour fair—Brainerd.

FASHIONS

By HEDDA HOYT
(Written for the United Press)
New York, May 15. — Sleeveless jumper frocks accompanied by short sports coats will be prominent among the Summer sports styles. One lovely model made of cherry red silk broadcloth has its skirt portion of red, its jumper of white dotted with huge cherry-red dots, and its red coat is lined in the white-dotted jumper material. A black satin streamer ties off the boyish collar of Eton type.

Long cloth coats lined in the material of the frock with which they are worn are among the pretty imports. A green coat of straight lines, for instance, is worn over a sand colored frock which has huge gathered sleeves of sand printed in green and black. Here the lining of the coat is sandtoned with the green and black print effect forming the border at the bottom of the lining. And, by the way, many

similar effects may be fashioned at home this season since much of the printed-bordered material is wide enough so that the plain portion forms the frock while the border portion is kept for sleeves or scarf.

Navy blue tailored suits are as popular as they were several years ago. It seemed for a time that the blue tailored suit was a thing of the past but it has revived this year to such an extent that almost every third woman one sees on the street is wearing one.

Black corded silk coats are worn in numbers these first warm days.

Most all are on straight lines with a bit of light colored fur on the narrow collar. Silk capes, on the other hand, are not worn at all except in pastel evening colors.

Fringed frocks have many follow-

ers this Spring. Especially are they popular with matrons who prefer straight lined frocks but who wish to have the full flared effect at the hemline. The fringe which is used as tiers on the skirt sways as one walks and gives the effect of fullness at the hem without destroying the slender lines of the frock itself.

The Secret of this car's Amazing Performance

HERE IS a car of tremendous power . . . a car that will give you the thrilling performance of 55 miles an hour, whenever you want it.

This sturdy Six will out-perform any car of its size, price, or weight

That will pick up in high gear from 5 to 40 miles an hour in 21 seconds.

It is the only closed car that ever took the famous Sierra Grade, at San Jose, California, on high.

This is average performance of the Overland Six . . . in the hands of average owners . . . the kind you can expect when you drive this car.

Be prepared for a big surprise when you take your first ride in this powerful Six. A brand new kind of motoring experience awaits you . . . it's bound to change your whole idea of motor car values.

Full 40-horsepower is delivered

in a straight line from its low swung engine through to the rear-axle shaft.

This big sturdy Six will out-pull, outrun and out-perform anything else of its size, or weight, or price-class.

It is a car of exceptional comfort. The big, broad doors are 32 1/2 inches wide. You can get in or out with the utmost ease.

Seats are wide, luxuriously comfortable. There is more cubic feet of inside space than in any car of this price . . . with plenty of room for five full-size passengers. Room to stretch your legs without feeling cramped or crowded.

The rear springs are extra long . . . and underslung. They are 52 inches

long and are made of Chrome Vanadium Steel . . . a costly metal, but it's the best for absorbing the jolts and jars of the road.

Nothing has been spared to make this car a positive comfort-revelation. Owners accustomed to more expensive cars tell us this is true.

It is a strikingly beautiful automobile. Frankly we took the 18 best cars of America and Europe and combined their salient features in this new-type Overland Six.

In justice to yourself, see this car.

OPENING OF PIKE SEASON DRAWS CROWDS

RED LETTER DAY IN LIVES OF FISHERMEN

GOOD CATCHES REPORTED FROM MILLE LACS LAKE

GAME WARDEN CADDLE VISITING LAKES INSPECTING CATCHES

To determine where the laurels will go to the first fisherman catching the first pike of the season in Minnesota's 10,000 lakes and especially the scores of lakes in this particular district is impossible. Undoubtedly hundreds of pike were taken from the waters at approximately the same time.

Today is a red letter day in the lives of all fishermen in Minnesota for the grand opening of the pike season commences today. The setting is a beautiful lake, anyone of the 10,000 beautiful lakes of which Minnesota rightly boasts of, the numerous boats dotting the surface, the enthusiastic fishermen excited over the lure of the beguilement of the pike to take the hook. A sudden tug at the line, quickening of the pulses of the fisherman involved, a splash, quick action on the part of the angler in keeping the line taut, a fight to the finish, and finally victory. The first pike is taken from Minnesota waters. Or it might be a victory for the fish, who knows?

At the break of dawn this morning, fishermen of Brainerd and vicinity who have long before been oiling and polishing their fishing paraphernalia for this great moment in their lives trended their ways to the different lakes in the district. The earlier birds were already on the lakes at the break of day.

Fishermen who returned to their work in Brainerd this morning from different lakes report that the pike are anxious to be transferred from the water to the frying pan but that the bass are simply "crazy" about a change of location. But of course everyone knows that the bass season in the northern zone, in which this district is included, does not open till June 21.

Thirty-one boats were out on Mille Lacs lake off Vier's Point. Enard Erickson, Milton Bergstrand and Lawrence Johnson, reported a fine catch at Mille Lacs lake.

Jack Robertson and Carl Wright who fished at Gull lake reported poor success.

A. P. Cardle, game warden, is visiting most of the lakes in the district today on his inspection. The size allowed for pike is 14 inches. The catch regulation is eight pike in one day or 16 in possession.

Tomorrow will likely see scores of fishermen at the lakes. The weather forecast is clear. Numerous fishermen from the cities are already at their cottages at the lakes.

Watching the Scoreboard

Yesterday's Hero—Babe Ruth, whose third home run in two days gave the Yankees a 2 to 1 victory over Cleveland. The Babe's blow was one-half of all the hits the New Yorkers could garner from the shoots of Rookie Levens.

The Athletics scored three runs in a rousing ninth inning finish and beat the White Sox 6 to 5.

Rain broke up the Pittsburgh-Brooklyn game after the Robins had scored one run in their half of the eighth and the game was declared a 5 to 5 tie when it reverted to the seventh inning.

The Browns and Senators gathered 14 hits each but the former bunched theirs better, winning 10 to 7.

Although out of the Reds took the first game of the series from the Giants, 6 to 4.

The Tigers made it two out of three from the Red Sox, hitting hard to win 8 to 1.

Only one game was scheduled in the American association yesterday and that was called off on account of rain. All the teams of the northern end of the circuit were on their way back home, where they open today.

BOBBY JONES

WITH AN 81 LEADS FIELD

HEADS BRITISH AND AMERICAN AMATEURS IN THE TOURNEY

FIRST ROUND OF PLAY IN ST. GEORGE'S VASE TOURNAMENTS

By HENRY L. FARRELL
(United Press Staff Correspondent)
Sandwich, England, May 15.—Bobby Jones, with an 81, was leading the British and American amateurs who had reported their first round play in the St. George's Vase tournament at 2:40 P. M. today.

Jones soon afterward was forced to share the lead with Robert W. Harris, the British amateur champion, also getting 81.

Harris and Jones were forced to take a back seat when Major C. O. Hezlet came in with 80 for the first 18 holes.

Douglas Grant, the Anglo-American defender, was not far behind with 83.

Another American was close on the heels of the Atlanta golfer, George Von Elm having taken 82 strokes for the first 18 holes. Cyril Tolley, the British ace, also had an 82.

Two other Britishers were up in the running. W. B. Torrance with 83 and Michael Scott with 85.

Among the Americans turning in cards were:

Robert Gardner, Chicago, 86.
Roland MacKenzie, Washington, 87.

W. C. Fownes, Pittsburgh, 88.
Jesse Guilford, Boston, 91.
Watts Gunn, Atlanta, 93.

Two other Americans were among the last to finish the first 18. They were Francis Outmet of Boston with 85 and Jess Sweetser, of New York, with 91.

It was a frightful morning for golf. A terrific gale and rain squalls prevailed all morning and the golfers said they rarely had had more difficult weather conditions to overcome.

The American champion had two bad holes. At the eleventh he took a six, including three putts, and on the fifteenth, after two beautiful shots leaving him hole high, he took three strikes getting out of the rough.

Out 543 453 544-37
In 465 557 345-81
Von Elm's card:
Out 554 355 744-42
In 554 653 444-82

Von Elm was the first player to break 80. He got a 78 on the second 18 for a total of 161 and assumed the leadership.

Tolley's second round score was 82, giving him a total of 164. Jones had a bad time getting under way and was forced to take 86 for the second round, putting him out of the running with 167. Gunn's 82 gave him a total of 175.

Von Elm's afternoon card:
Out 644 453 444-40
In 544 545 444-39-79-161

The serious young Californian played perfectly on the last nine except for an approach shot on the 16th.

On the way out his tee shots were somewhat awry, overshooting the short eighth.

KINGS OF THE TURF ARE TO BE CROWNED

KENTUCKY TO HONOR EQUINE HEROES AT THE DERBY

17 CANDIDATES ENTERED IN THE CLASSIC EVENT AT CHURCHILL DOWNS

By FRANK GETTY
(United Press Staff Correspondent)
Churchill Downs, Louisville, Ky., May 15.—The frantic drumming of hoofs, the sweep of the derby pack down the home stretch in a maelstrom of cheers and late this afternoon the three year old kings of the American turf will be crowned with all the honors which Kentucky showers upon equine heroes.

The hopes and fears of owners, breeders and trainers of the 17 candidates named overnight for the country's most highly valued racing honors, will be laid to rest within a few hours, beaten into the dust of the trim oval at Churchill Downs.

In two breath taking minutes, while the largest crowd that ever witnessed a Kentucky derby screams encouragement, the most important chapter of the turf history of 1926 will be written.

Pompey or Bubbling Over, slender black colt from New York or the big brown home bred. Upon the practically equal chances of these two outstanding contenders most of the money of the multitude began to pour early into the iron maws of the mutuels.

"All that human ingenuity can do for a horse has been done for Pompey. He is fit and there will be no excuse if he should be beaten," Ken Garrick told the United Press, as he and his father, both of whom have had a hand in the training of W. R. Coe's great three year old, leaned attentively over the neat white rail along the straightaway and watched the pride of the east paw and prance and stretch sleek immaculate limbs in an early morning breeze.

Over in the Bradley stables beyond the back stretch, there were early morning signs of activity as the hope of the west, Bubbling Over, and his companions, Boot to Boot and Bagenbaggage, were brought out for carefully restrained canter.

"The best horse I ever trained," said J. H. Thompson, pridefully, as he watched the brown shape of Bubbling Over flit along the rail for a half mile or so.

Many turf experts out at daybreak for a final glimpse at the derby candidates before the afternoon's Bugle Call, shook their heads sagely and reminded one another that in 50 odd years since the starter's flag sent the first Kentucky derby field awinging, only 17 favorites reached the judges' stand in the van.

"In many ways this is the most open derby in years," said one of the wisest of turf observers.

Four others, besides the favorites, who commanded special attention during the morning were Harry Payne Whitney's Blondin which finished second in the Preakness last Monday, J. E. Griffith's Canter, in whom Maryland has not lost hope; Mrs. George Cox's Rhinoceros, the stout hearted but homely western colt, and W. J. Salmon's ill tempered, but strong finishing Display, winner of the Pimlico classic.

Louisville stirred early to wakefulness and soon the teeming streets rang with the shrill cries of newsboys and the raucous shouts of chauffeurs soliciting fares.

"Right to the track for a dollar," Those who wished a taxi for the afternoon paid \$25 or \$50. Those who had their own motor cars awaited their turns in the perplexing tangle of traffic, sharing exasperation with the driver of the meanest carry-all.

A perspiring, baggy-trousered traffic cop at one of the principal crossings had a bottle of pop at his feet and drained it casually while the long lines of cars looted.

Filled to capacity, with private homes doing service as emergency hostels for late arrivals, the city began to empty its thousands of visitors towards the inviting Downs. Street cars running on a one-minute schedule, could not accommodate even the morning throng.

At 12:30 P. M. a thin mist prevailed, with occasional sprinkles of rain. The track remained fast.

Two hours before post time, the crowd was heartened by an improvement in the weather. It had been drizzling for some time.

At that time three of the entries had been scratched. They were Tak a Chance, owned by H. W. Sullivan; J. B. Partridge's Rasuli, and Boot to Boot, of the Idle Hour, farm and holding No. 1 post position.

BRAINERD N. P., NEW YORK MILLS CLASH SUNDAY

LOCALS HOPE FOR FIRST VICTORY OF SEASON; HAVE BEST LINEUP OUT

POSTEN WILL HANDLE PITCHING ASSIGNMENT FOR RAILWAY BALL TEAM

The Brainerd N. P. city team will play their second game of the season tomorrow afternoon at New York Mills.

The local team is well rounded into shape and with Posten, former Northern league and Detroit pitcher on the mound they hope to turn in a victory. However, the New York Mills team is classed as one of the fastest in the Independent league and they will not go down to defeat without putting up a strong battle.

Hanson will cover the initial has-sock for Brainerd, Uddenberg on the keystone sack, Peterson on short and Ware on the look-in corner. The outfield will be in doubt as two new men will probably make their first appearance in a Brainerd uniform, Nason and Abbott, both considered fast ball players. Nason played with Cass Lake last season and Abbott fielded for Bertha. The outfield will be made up of three of the following men: Ziebell, Nason, Abbott, Nutting, Swanson, Ringer, and a Schwindman. Norman has been slated to do the receiving.

New York Mills will have three good pitchers to handle the pitching assignment. Repola is a former Miller and Des Moines man with plenty of smoke and Fairbanks and Neun will be used if necessary. Jacobson will do the receiving. The team has won the two games this season in which they started.

Expect Decision on Charley Hoff

BRAINERD HIGH NOSED OUT WIN FROM AITKIN

SIXTH INNING RALLY SAVED THE LOCALS; TENSE EXCITEMENT PREVAILED

GAME WON IN THE EIGHTH; VISITORS WERE SIX RUNS IN LEAD AT ONE TIME

The Brainerd High School ball team won its second game of the season yesterday afternoon on the Municipal Ball park diamond by defeating the visiting Aitkin team by the score of 11 to 10. The locals nosed out the victory in the eighth inning, coming out on top after the Aitkin hitters had previously piled a score against them of 8 to 2.

The fourth inning looked disastrous for the Brainerd boys. Errors and an almost general blowup of the local team netted the Aitkin boys five runs. The visitors opened the third inning by commencing to meet Van Walk's curves, accounting for three runs in this stanza and in the period that followed they continued their heavy hitting, passing five men over, the fourth sack. Avery was substituted on the mound for Van Walk in the fifth inning and allowed only two runs in the innings that followed.

It looked mighty blue for the local boys for a couple of innings. The fans were almost giving up hope. A rally in the sixth inning brought the home fans to their feet as one in mighty cheers when the Brainerd boys secured four runs.

In the seventh inning the score was tied 10 to 10 but in the inning that followed the locals passed one man over home. The Aitkin boys failed to score in the ninth inning and the locals trotted off the field victorious.

Much of the credit of winning the game goes to two players, Avery, the heavier, and Fitzharris, center fielder. Fitzharris not only made a name for himself in the field but also started the ball rolling in the hitting.

Olson, southpaw heavier for the visitors, pitched a great game.

The teams lined up as follows:
Brainerd—Marshall, 3b; Wise, ss; Hanson, 2b; Fitzharris, cf; Lowe, 1b; Van Walk, p; Avery, p; Erickson, lf; Tribur, c; Lorenz, rf.

Aitkin—McGregor, c; Sanford, 3b; Smith, lf; Gray, ss; Johnson, 2b; Schisler, rf; Carlson, cf; Richardson, 1b; Olson, p.

Umpires—Peterson, Dillan.

YESTERDAY'S HOME RUN HITTERS

Ruth, Yankees, 1-11.
Williams, Browns, 1-5.

YOUNG STRIBLING AFTER CROWN

New York, May 15.—(UP)—Young Stribling, the Georgia boxer, has demonstrated that he will have a good chance to remove the lightweight crown from the head of Paul Berlenbach when the two meet on June 10.

Stribling's victory last night over Johnny Risko, the Cleveland iron man, proved his fitness. The Georgian conceded 14½ pounds.

While there was no knockdown, Stribling had the edge in most of the 10 rounds, and there was no questioning of the unanimous decision for the southerner.

Stribling's speed and skill and an acrobatic defense outweighed Risko's energy and willingness to force the fighting.

Chuck Suggs, New England bantam champion, had Johnny Brown, English title holder, in such a bad way that the referee stopped the bout in the fifth round.

N. Y. GIANTS NEED YOUTH AND FIGHT

JOHN MCGRAW WANTS MORE PEP IN HIS TEAM

RELEASES HANDED TO HEINIE GROH AND ARTIE NEHF

By M. W. CHILDS
United Press Staff Correspondent

St. Louis, May 14.—(UP)—The New York Giants, long the cocksure two fisted club of the National league, are in the need of youth and fight and John McGraw, whose playing name was "Mugsy" is going to furnish that fight he indicated today.

The first step in revamping the one time champions, who on the present road trip have been dropping games so consistently that they are now at the bottom of the first division, was the releases handed to Heinie Groh and Artie Nehf Wednesday. Groh, 10 year man, was released outright.

Nehf goes to the Cincinnati Reds.

"No other changes are in view for the immediate future," McGraw said as he leaned out over the dugout when his team started preparations for battle with the Cardinals.

"However, we must have some new life, some of the old fight," he added.

The Giants apparently overheard the remark for they went about defeating St. Louis in a pretty game, 2 to 1, which incidentally was the first one the New Yorkers had won in six starts.

The release of Nehf and Groh takes a bit of color from the team from Manhattan. Both are veteran campaigners and their names have been prominently connected with recent world series in which the Giants have figured.

Nehf, now 34 years old, was one of the mainstays of the Giant pitching staff and only a few years back was considered the Big Bertha of the Giant firing squad.

Heinie Groh, now 37 years old, has been one of the colorful artists of baseball for years. His great third basing, his peculiar stance at bat and the famous bottle bat, with which he managed to stay among the league's leading hitters, made him one of the popular players. This year he has played little owing to the dazzling work being turned out by young Freddie Lindstrom, who has been starring both at bat and in the defense.

Groh probably will go to Cincinnati, his home, and wait major league offers as he has served 10 years in the big show, therefore cannot be waived into the minors.

MARCONY READY FOR KETONEN

THINKS THE FINLANDER HAS HELD THE BELT TOO LONG

Tony Marcony is training hard these days for his match with Waino Ketonen Monday night at Gardner's Hall, at which time the world's middleweight mat title will be settled.

Ketonen has an enviable reputation but Tony asserts that his opponent has held the belt too long and now he is going to do his best to take it away from him.

Each morning on rising Tony takes a jaunt out in the country for eight miles as part of his training rules. He says he is in fine shape and ready to meet the strategic wrestler from Duluth.

PRISON TERM FACES ROBBER OF POST OFFICE

St. Paul, May 14.—(UP)—A nine-year term in the federal penitentiary at Leavenworth is facing Rene C. Thayer who was convicted of robbing the Newport, Minn., postoffice.

But Thayer was cheerful. It's because he was married yesterday to Mrs. Patricia L. Peterson. Two deputy marshals were witnesses. Thayer hopes to join his wife in three years when he will be eligible for parole.

FORMER BANKER GETS ADDED TERM

Stillwater, May 14.—(UP)—Back in the Stillwater penitentiary, Edwin L. Sylvester, defaulting president of the Plainview State Bank, faces the prospect of an additional five years in prison.

Sylvester, serving a one to 19 years term for embezzlement, was taken to Wabasha yesterday and pleaded guilty to a grand jury indictment charging him with making false statements and embezzlement.

EXPULSED FROM SCHOOL FOR BEING IN DRINKING PARTY

Waukesha, Wis., May 14.—(UP)—Fred Hoffherr, Marinette, captain of the Carroll college football team, and Katherine Heath, Toledo, Ohio, co-ed, have been expelled from the school following an alleged drinking party Sunday night, it was learned today.

Hoffherr, who is said to be one of the most popular students at the college, is reported to have taken Miss Heath to her dormitory in an alleged intoxicated condition which resulted in their dismissal from the college.

MOTHERS GUESTS OF DAUGHTERS

Daughters of the Soil Hold Banquet
at Home of Mrs. Ralph Reid
at Long Lake

FIRST AFFAIR OF KIND HERE

38 Mothers and Daughters Eat Four
Course Dinner, Hear
Splendid Program

The Daughters of the Soil, an organization of North Long Lake girls, last Saturday entertained their mothers at a Mothers and Daughters banquet on the spacious front porch of the Ralph Reid home, the first banquet of this sort held by this organization, and so far as is known, the first one to be held in the rural vicinity of Brainerd.

Thirty-eight mothers and daughters sat down to a delicious meal served at 2 p. m. on the day before Mothers' day, and partook of the four course repast. The menu was as follows:

Fruit cocktail
Meat loaf Mashed potatoes
Beet relish

Escalloped corn Parkerhouse rolls
Cabbage salad and wafers

Coffee Devil's food cake Ice cream
The Daughters of the Soil, or D. O. T. S., as they are known, had planned for weeks for the affair, with Miss Mary Hughey in charge. The entire day's program was conducted splendidly, every girl doing her bit toward the success of the day.

The decorations of the porch were beautiful, prettily attractive with bright red and pure white. Snowy white tablecloths and napkins were used, and the long table was set with three bouquets of paper napkins, the center bouquet being white, and the end ones red. Red candles helped lend a festive touch; and at each place were hand painted place cards and nut cups made to represent red carnations. These were made by the members of the organization.

Mrs. Fred Reid was in charge of the kitchen, and assisting her were Mrs. Earl Thomas and Miss Alma Caughey, who were in charge of the serving. The waitresses were the Misses Emma Sandgren, Anna Sandgren, Dorothy Thabes, Hortense McKay, Margaret Jackson, Irene Molstad, and Helen House. Miss Dorothy Peterson and little Miss Edith Jotham assisted in the kitchen.

The guests were received at the door by the president of the club, Miss May Lundeen, the secretary, Miss Mary Hughey, and the treasurer, Miss Hazel Paulson. Miss Mary Hughey presided over the table as toastmistress. The diners sang club songs and old favorites between courses, and after the meal a splendid program was presented. The program was as follows:

Song—"Mother Machree," by the club quartet, Misses Ellen Hansen, Agnes Olson, Margaret Dillan, and Mabel Madsen, accompanied by Mrs. William Hansen on the violin. As an encore, the quartet sang "That Simple Prayer."

Toast to the Mothers—Given by Hazel Paulson.

Response given by Mrs. R. B. Thompson.

Reading, "My Mother," by Margaret Thompson.

Song, "Faith of our Mothers," by all.

Recitation, "North Long Lake Mothers," by Elizabeth Paulson.

Address, "Daughters," by Mrs. Irma Camp Hartley.

Mrs. Hartley spoke of the initials of the club name, D. O. T. S., and suggested what each might stand for, D for Duty, O for On-timeliness, T for Truth, and S for many things, but especially Sweetness. She spoke of the really worthwhile things for girls to consider, especially the home and the church. Girls need to cling to these for food for character building.

Closing song, "Home Sweet Home" by all.

Those in attendance at the banquet were: Mesdames Andrew Olson, Frank Theines, J. I. Dillan, Ralph Reid, Soren Hansen, William Hansen, R. B. Thompson, Elizabeth Ackerson, Hannah Hughey, Charles Jotham, Seavert Paulson, Louis Paulson, Emil Paulson, Ole Olson, P. J. Albertson, Peder Madsen, Gust Juline, Chester Sutton, Herman Johnson, and Irma Camp Hartley, and the Misses May Lundeen, Laveria Johnson, Doris Olson, Margaret Dillan, Ruth Dillan, Ellen Hansen, Maude Thompson, Georgia Thompson, Margaret Thompson, Berdie Ackerson, Mary Hughey, Hazel Paulson, Elizabeth Paulson, Agnes Olson, Amanda Olson, Mabel Madsen, and Esther Fleischer.

Toast to the North Long Lake Mothers

Given by Hazel Paulson
If every Daughter of the Soil could have the opportunity to name her choicest treasure, I know every one of them would head her list with the same word, Mother.

It isn't always easy to say just what we think or feel, and when it comes to voicing our thoughts about our mothers, it is hard to find the words to reveal them.

Others have written lovely things that we have read and liked. Through all ages poets and authors alike have been inspired by the

theme, Mother, and have written beautiful things that we would like to read now to express our thoughts, for many of them said just what we in our inmost hearts have thought, but it would, of course, take too long to read the host of things that have been written.

We girls think our mothers here in North Long Lake are of an especially fine brand. The ways in which they have shared our joys and sorrows, the way in which they have looked after our daily needs, giving us the guidance that, like all young girls, we have needed, and the ways in which they have chummed with us, have all endeared them to us.

A little poem by Strickland Gilliland seems to express a bit of what we think and feel:

"Mother's just an older little playmate who'll befriend me,
Yesteryear she traveled in the path that's mine today;
Never need I fear a foe from which she might defend me,
Faithful little pal, who ran ahead, and learned the way."

Response to the D. O. T. S. Toast
Given by Mrs. R. B. Thompson

Our Daughters
By Hester Jane Thompson

Who is it stands by us today
And lends a hand in every way?
Our daughters, O! our daughters!

Who is it follows all our wishes
But dislikes so to wash the dishes?
Our daughters, O! our daughters!

Who's strong of limb and bright of eye
And finds no task too hard to try?
Our daughters, O! our daughters!

Who's looking life square in the face
And striving hard to fill the place
God has for each and every one?
Our daughters, O! our daughters!

Who, when our tasks of life are done
Must take them up and "carry on"?
Our daughters, O! our daughters!

We wish for them the fullest measure
Of health, happiness and earth's treasure.
Where'er they go, what e'er they do,
Our prayers go with them all life through.

That God will bless and keep them true;
Our daughters, O! our daughters!

North Long Lake Mothers
By Mary E. Hughey

We Daughters of the Soil arise
To speak our mothers' praise.
There may be others just as wise,
With gentle hands and laughing eyes.

But none, we think, however she tries
Can ever surpass ours.

Our mothers here in North Long Lake

Of pioneer stuff are made.
They have done more than sew and bake,
Their hands have wielded hoe and rake

Each bound a pleasant home to make
That we might be content.

And would we think them all more fine.

If they no toil had known;
If baby's cry, and family line,
The garden weeds, that dress of mine,

Had known no mother's touch divine
But all been done by others?

No, we are glad our mothers true
Have known how we are raised;
That, 'neath these country skies of blue,

They've made the clothes for me and you,
And hoed the vegetables they grew
To fill our family cellar.

And then they've helped us have our fun,
Our happy jolly mothers!
Even gay races we have run,
And stories read when day is done,
And breathless watched the setting sun,

Together, they and we.

And though we're careless gay and free,
We know we must seem so,
We're thinking how that even we,
Though young, can do our bit, you see,

To lift the load, and help to be
Real Daughters of the Soil.

DISTRICT MEETING MISSIONARY BODY

Officers Elected by Women's Home
and Foreign Missionary Society,
Brainerd District

OVER 100 DELEGATES THERE

Sister Ida Lindquist of St. Paul
Gave Evening
Address

The Women's Home and Foreign Missionary society of the Brainerd district who met at the Clara Lutheran church for their annual meeting unanimously reelected the officers for a second term of office. The officers follow: Mrs. J. E. Carlson, Aitkin, president; Mrs. August Samuelson, Brainerd, vice president; Mrs. O. B. Johnson, Brainerd, secretary; and Miss Agnes Sundine, treasurer.

Over 100 were in attendance. Delegates were in attendance from Aitkin, Little Falls, Crosby, Darling, Pillager and Brainerd.

During the afternoon reports were received from the officers, the treasurer's report showing that \$500 had been contributed by the organization to missionary work. There are six organizations affiliated with the society, there being about 150 members.

The evening program at the church included two songs by the Clara Lutheran church choir, a solo by Mrs. F. Heden, talks by Rev. J. E. Carlson, of Aitkin, Rev. August Samuelson, Brainerd and Sister Ida Lindquist, in charge of missionary work in the Twin Cities. Previous to the evening session supper was served in the church parlor by the ladies of the church.

Sister Lindquist in her address stated that in the Twin Cities many Hebrew families were changing their faith to Christianity and that the numbers were increasing rapidly. She pointed this out as being a sign of the fulfillment of the prophesy.

The new refrigerator will furnish the store with the means to keep fresh all meats and produce necessary for cold storage.

The chamber has a compartment for ice with a capacity of two tons, and two separate compartments of 8 ft. by 10 ft. The total size of the refrigerator is 14 ft. by 18 ft.

LIFT PLANT IS DAMAGED BY FIRE

Damage estimated to run into thousands of dollars resulted from the fire that broke out at 2:45 o'clock this afternoon in the plant of Swift and Co., 103 S. Broadway street. The entire front portion of the plant, including the office, shipping and receiving rooms suffered almost entire loss.

The fire which broke out from unknown origin spread like lightning through the plant. The city department with their entire staff did quick work in preventing the fire from completely wrecking the entire plant. The fire is believed to have started under the front platform. No estimate of the damage can yet be ascertained but it is certain that the damage will be high. The fire was the largest that Brainerd has had in its business district for several years.

PYTHIAN SCOUT TROOP FORMED

Eight Scouts Passed Test, Are Now Registered as Full Fledged Scouts

FLOYD NASH, MASTER

Troop Aims to be the Best in City; Ceremony Conducted Thursday

The Pythian Troop No. 4, connected with the White Cross Lodge No. 30 of the Knights of Pythias, were registered in as a full fledged scout troop, passing the successful scout ceremony conducted Thursday night in the Farmers room of the court house by "Perry" Newton, scout executive.

Floyd Nash is scoutmaster of the new troop, and the eight boys who are now registered with the troop as full fledged scouts feels sure that he is the best scout master in the state.

The ceremony was attended by the parents of the boys who have passed through the tenderfoot stage and successfully emerged into the true scout class.

The Pythian troop do not aim to have the largest troop in the city, but they do aim to have the best. The troop will not be comprised of more than 15 members, it was stated.

The scout committee is composed of the following: Dan Lawrence, William Maust, Ernest Jepson, Fritz Drilling, and G. M. Lukens. Fritz Drilling presented the flags to the boys.

The scouts registered in the troop are: Raymond Nelson, who won first prize in the bird house construction contest, the bird house having been purchased by the Knights of Pythias and erected at the Pythian home at Monticello; Vernon Ausmison, Lyle White, Arthur Brown, Robert Brown, Fred Weideman, and Kenneth Anderson.

The troop have previously been meeting every Tuesday evening in the basement of the court house. Two weeks ago the boys helped to complete one cabin at Clearwater where scouts will camp this summer.

HERO GIVES LIFE FREELY

TO RESCUE NEIGHBORS BELIEVED TO BE IN PERIL

Bemidji, May 15.—A hero gave his life in an attempt to go to the rescue of neighbors he believed to be in danger.

Bert Shaute, a farmer, living eight miles north of Ten Strike, died Friday at a hospital here as a result of burns he suffered last Wednesday night when fire attacked a nearby home.

The flames caught Shaute's attention from a short distance away and he rushed to the home and went inside in search of the occupants. However, the family was absent and Shaute's effort was futile. From another house close by, where he appeared for help, he was taken to a hospital, severely burned from the hips down.

Today arrangements were completed whereby the entire community will join in a last tribute to the man who gave his life for his neighbors.

Shaute had resided at Ten Strike for many years and was well known.

MOTOR SHARES DEALT IN

New York, May 15.—(UP)—Motor shares formed the bulk of the trading in the short session on the stock market today while the rest of the list was extremely dull and lower.

There was real selling pressure evident in the motors forcing a number of them to new lows for the year. General Motors appeared to have the only real support in the group while Hudson was the weakest with a break of about four points to a new low. Sterling got above parity. Crude oil prices were raised and steel bars were reported lower.

The market closed lower.

MORE INDUSTRIAL TROUBLE FEARED IN GREAT BRITAIN

TRADES UNION COUNCIL WANTS PROMPT RE-EMPLOYMENT OF STRIKERS

CLAIMS COUNCIL IS NOT BEATEN YET NOR BROKEN EITHER

By CLIFFORD L. DAY
(United Press Staff Correspondent)
London, May 14.—(UP)—Widespread industrial trouble may begin again in Britain, the Trades Union council said today in a sharp statement warning all concerned that re-employment of strikers must be carried out promptly and satisfactorily.

If Premier Baldwin, the council said "would use all his influence with those employers who are violating the terms of peace, then the peace may be saved."

"If not, let there be no mistake, the general council of the Trades Union congress is not beaten nor broken. Its strength is unimpaired. If one class of employers think they can degrade the Trades Union then the situation is grave indeed."

The council also sent a sharp telegraphic warning to its affiliated unions declaring that some employers are approaching the men with individual agreements.

"Sign no individual agreements," the council warned. "Keep in touch with your union. Your union will protect you."

London, May 14.—Virtual strike conditions still prevailed in Great Britain today despite cancellation of the general strike order by the Trades Union council.

Railway men were still idle in Edinburgh, Peterborough, Cardiff, Hull and other centers. Dock workers have not returned to work in Liverpool or Manchester. Printers still were out almost everywhere, reportedly owing to the publishers' demands for guarantees that there will be no dictation of editorial policy in the future.

Glasgow's leading newspapers announced today that henceforth they would employ only non-union labor. The more than 1,000,000 mine workers still are out.

Railway and street car service was crippled today. The extent of the continued stoppage was such that in many remote points it was believed that the strike order still was in effect.

No proper estimate of the cost of the general strike can be made. Among the costs must be placed approximately \$100,000,000 as the loss to industry and \$37,500,000 as the wage loss of labor during the eight and one-half days' stoppage.

Four persons died as a result of the strike; three in a railway and one in a traffic accident. Twelve persons were seriously injured in strike riots. Approximately 2,000 strikers were arrested and either fined or imprisoned.

Everybody is relieved, but the most unrestrainedly exuberant are the undergraduate special policemen who spent more than a week's vacation away from lecture rooms, dashing about in automobiles most of the time.

Last night these youths and other persons revelled in west end night clubs.

The National Union of Railway men announced today that the executives of the three unions represented by it had decided that railway men must remain out until they have received satisfactory assurances from the railway companies regarding reinstatement of all the men.

Doncaster, England, May 14.—Sixty-eight miners were sentenced to three months' hard labor and \$100 fine today as a result of Wednesday's disorder during which 200 miners held up traffic and wrecked a newspaper truck. The rioters also looted several motor trucks.

Police charged the crowd with batons swinging. Eighty miners were arrested.

BALDWIN PLEDGES HIS CO-OPERATION

By KEITH JONES

(United Press Staff Correspondent)
London, May 14.—Premier Baldwin tonight pledged the power of the British government to enable strikers who desire to return to their old jobs to do so at their old wage scale and at the former hours of labor.

Speaking before a crowded house of commons, Baldwin said: "I will not countenance any attempt on the part of any employers to use the present occasion for trying in any way to get reductions in wage from those in force before the strike, or to increase the hours of labor."

That was Baldwin's reply to the protests and warnings of the Trades Union council regarding the "lock-out" tactics of the employers in effecting reinstatement agreements with the men.

The nation today was confronted with hundreds of small but serious strikes of individual unions or groups of union men as an aftermath

of the general strike which was called off yesterday.

Employees are refusing to reinstate strikers except on the employers' terms. Because of that situation the house of commons debate this evening may become the most important of the strike period in its ability finally to direct the country toward peace or war.

GRADUALLY LESSEN UNEMPLOYMENT

London, May 14.—Hundreds of thousands of men still await return to their jobs on re-employment agreements mutually satisfactory to employers and strikers.

Great Britain is returning to normal 48 hours after cancellation of the general strike order which brought the country to the verge of industrial catastrophe.

Most rapid re-employment progress seems to have been made in London.

The mine dispute however, seems to have remained in stalemate. The miners representatives met in King way hall today and decided they would not even discuss a coal peace until the mine owners withdrew their lockout notices.

London's buses, subways and street cars will resume service Saturday, it was announced today after a mutually satisfactory re-employment agreement between strikers and their employers. Many street cars were expected to be in regular service this afternoon. Preliminary details such as inspection of the equipment following 12 days of inactivity will delay resumption somewhat.

Railway managers alleged by unionists to have erected a lockout barrier against 450,000 strikers, met today with J. H. Thompson, C. T. Cramp and other representatives on the men in an effort to reach a re-employment agreement.

It is understood that the miners' delegates' conference in Kingsway hall may refer to a card vote of miners the question of accepting the royal coal commission report as a basis for settling the dispute in the mining industry.

Mercy for Jim O'Connell Is Favored by Wrigley

Jimmy O'Connell, former New York Giants' outfielder, should be given another chance in organized baseball, in the opinion of William Wrigley, Jr., owner of the Chicago Cubs and Los Angeles Pacific Coast league clubs.

Wrigley said that O'Connell, who was outlawed from organized baseball as a result of the National league scandal of 1924, was the victim of circumstances and innocent of any wrongdoing.

O'Connell was the principal figure in the alleged attempted bribery of Hene Sands, shortstop of the Philadelphia Nationals, during the critical series between the Phillies and the Giants. O'Connell asserted "Cozy" Dolan, coach of the Giants, had put him up to approaching Sands.

"The whole thing, in my opinion, was a rather crude practical joke on the part of Dolan," said Wrigley.

BATTLE RAGES ON VOTES FOR FARM RELIEF MEASURES

HAUGEN BILL FINDS BLOCK OF SUPPORTERS IN HOUSE

AMENDMENTS SEEK TO REDUCE THE REVOLVING FUND

By WILLIAM J. McEVROY

(United Press Staff Correspondent)
Washington, May 15.—The first battle of votes on farm relief legislation will come in the house Tuesday when amendments reducing the appropriation for the revolving fund from \$375,000,000 to \$175,000,000 and making the equalization fee operative immediately in the Haugen bill will be offered by its supporters.

The votes on these two proposals and another amendment eliminating the embargo feature of the measure will provide the first test vote since the Haugen bill was called up more than a week ago.

Although supporters of the Haugen bill held the upper hand thus far, administration leaders still predict defeat for the measure. The bill was the target for a score of minor amendments yesterday but its supporters were successful in defeating all of them.

Foolish Things

One of our great inspirational writers says that it is a good thing in the night watches to recall all the foolish things you have said in the course of the day, and resolve to be wiser on the morrow, but a paragrapher wouldn't get any sleep at all that way, and we should think a great inspirational writer himself would soon be looking rather worn, wan and haggard.—Ohio State Journal.

Saw Filers' Expression

"Gumming a saw" means to establish properly the depth of the interval between the sawteeth. This is not a serious problem on hand saws, as the three-cornered file does this, as it does its other work. On circular saws and drag saws, however, if a file is used for gumming, it must be a round file or a flat file with a round edge.

Brainerd Building & Loan Association \$25,000.00 STOCK SALE During May and June

The Brainerd Building and Loan Association was organized in May, 1922, with the sole purpose of building up Brainerd, "Our City," and assisting our people in building and owning their homes. We want a city of home owners.

It is a co-operative association, only one of its officers receiving a small salary. It offers a safe investment, and pays a fair return. For the first two and a half years it paid 6 1/2%, and has since paid 6 1/2%.

Twenty-nine citizens are now acquiring homes under its plan, and \$55,000.00 have been added to the property value of our city.

Shares of stock will be sold in amounts of \$100.00 and up. Dividend checks are sent to investors in January and July each year. Its stock is not taxable. The real estate pays the tax. Every dollar is spent for labor and material in Brainerd. We recommend it to our friends.
